**ABOUT MACKINTOSH ACADEMY**

**([www.mackintoshacademy.com](http://www.mackintoshacademy.com))**

An International World School honoring the multiple intelligences needs of gifted children.

Established in 1977, Mackintosh Academy was the first private school in Colorado to recognize the unique needs of gifted children.

Officially authorized International Baccalaureate (IB) Primary Years and Middle Years programs.

An inquiry based, integrative curriculum creates opportunities for exploration, active learning, and meaningful connections across subject areas.

Comprehensive, thoughtful program organized around best practices, comprehensive assessments, differentiation for each child's gifts and needs, and consistent accountability for all parties.

Develops a sense of belonging and responsibility towards community through daily community dialogues, collaborative learning opportunities and service.

Empowers students to contribute their gifts in profound, passionate, and meaningful ways to create a better, more peaceful world.

Small student to teacher ratios.

Expert teachers draw from global research on best practices and personal classroom experience to meet the needs of gifted and twice-exceptional students and are constantly honing their expertise through professional development.

Accredited by the International Baccalaureate Organization (IBO) and by the North Central Association (NCA).
