Jim Delisle, Ph.D.

The Top Ten Strategies for Raising a Happy and Successful Gifted Child

BVGT is pleased to present Dr. Jim Delisle, a frequent and popular speaker at state, national, and international conferences about giftedness. Dr. Delisle's focus on the social/emotional development of gifted children and strategies for teachers and parents to support gifted kids' growth and development are the topics of many of his books and articles. Dr. Delisle's engagement with gifted learners has resulted in giving voice to these children through *The Gifted Kid's Survival Guide* series. In this presentation, Dr. Delisle will share ten strategies to help parents of gifted children better understand the complex lives and intensities of their children and how giftedness impacts their relationships at home and in school.

About the Presenter -

Dr. Jim Delisle has taught gifted children and those who work on their behalf for more than 30 years. Jim retired from Kent State University recently after 25 years of service as a professor of special education. Throughout his career, Jim has taken time away from college teaching to return to his "classroom roots", volunteering as a 4th, 5th and 8th grade teacher. Jim taught gifted middle school students one day a week between 1998 – 2008 in the Twinsburg, Ohio Public Schools. Jim is the author of more than 250 articles and 15 books. The practical nature of Jim's presentations is a direct result of his frequent intervention into the world of schools.
